House Approves Extra Postal Funds

Senate Action On Deficiency Bill Due Today

New Service Cuts Take Effect With Others In Prospect

WASHINGTON, April 15 (AP)—The House approved an extra 41 million dollars for the Post Office Department today in a move to get quick restoration of normal mail services.

The deficiency bill was passed on a voice vote and sent to the Senate, which may act on it tomorrow.

Postmaster General Summerfield has announced he won't start to restore the service cutbacks until President Eisenhower signs the legislation and Summerfield is certain he will have enough money to maintain normal operations through June 30, the end of the fiscal year.

More Service Cuts Loom

Post offices throughout the country were closed to the public Saturday, and Saturday deliveries suspended. Pickups from street boxes were put on a Sunday basis for the entire weekend. Post office officials estimated about one million dollars was saved in this way.

Today mail deliveries to metropolitan business districts were cut to two a day and window service at post offices limited to 8½ hours daily. Further curtailments are in prospect unless Congress provides the additional operating funds.

The Senate Appropriations Committee arranged to meet tomorrow and report the bill to the Senate floor.

Acting Majority Leader Mansfield (D-Mont) said the Senate may take up the measure tomorrow afternoon. This will require unanimous consent to suspend the rules, which require a money measure to wait three days before it can be debated on the floor. Mansfield said he doubted there would be any objection to speedy action.

Summerfield Assailed

In a House debate lasting several hours today, Summerfield was berated by some members for his curtailment order and defended by others.

Rep. McCormack of Massachusetts, the House Democratic leader, said wherever the blame for the situation rested it was somewhere in the administration and not in the House Appropriations Committee.

He said Summerfield not only showed "a contemptuous attitude toward Congress" but toward the people of America as well when he let stand his order closing the post offices last Saturday.

Mexican Actor Killed In Crash

MERIDA, Mexico, April 15 (AP)—Pedro Infante, 39, Mexico's favorite singing cowboy who often told his wife "how nice it would be to die like a bird," was killed today in a plane crash.

Infante was returning to Mexico City from a weekend in Merida when a four-engine Tamsa plane crashed, killing Infante and four others.

Infante was an owner of the Tamsa line, and often flew the planes. He was copilot when the plane dived into a small house on the outskirts of Merida shortly after takeoff and burst into flame.

Infante, pilot Victor Manuel Vidal, mechanic Marcial Bautista, a woman washing clothes in the small home, and a child were the victims.

News of the actor's death rocked Mexico City.

Infante was the unchallenged leader in his field.

Friends said he left a fortune estimated at \$800,000 to \$1,200,000.

Ike Congratulates Baltimore Pitcher

President Eisenhower shakes hands with Pitcher Don Ferrarese of the Baltimore Orioles after the moundsman caught the first of the Chief Executive's two pitches to open the 1957 baseball season in Washington yesterday. Senate Passes Bill Increasing Bond Interest

WASHINGTON, April 15 (AP)—After only 10 minutes debate, the Senate today passed by voice vote a bill to increase the interest ceiling on government savings bonds to 3½ per cent from 3 per cent.

The measure, aimed at spurring lagging sales of the bonds, now goes back to the House, which passed it earlier with a 3½ per cent ceiling.

President Eisenhower originally asked Congress to hike the limit to 4½ per cent on the series E and H bonds, to permit the same return as other government obligations.

Byrd Explains Bill

The Senate acted after a brief explanation of the bill by Sen. Byrd (D-Va.), chairman of the Finance Committee which cut the figure to 3½ per cent.

Byrd said some increase in interest rates appears necessary.

He said he sponsored the measure with "a certain amount of regret" because of the burden some effect of high interest rates on many sectors of the economy.

He pointed out that the only interest rate increase on E bonds since 1941 has been one-tenth of one per cent. Byrd said other forms of savings have become considerably more attractive.

Retroactive To Feb. 1

The Treasury had said it plans to apply the 3½ per cent rate on all series E and H bonds sold after Feb. 1, 1957.

Under the Treasury's plans the E bonds will reach maturity, and maximum value, in 8 years and 11 months instead of 9 years and 8 months. The issue price and the face value will remain the same but the 4-for-3 payoff in the short period will convert to 3½ per cent.

Purchasers, to get the full 3½ per cent, must hold the bonds to maturity.

It's just the thing for traffic-jam-plagued civilian commuters.

The company says a smaller, easy-to-fly version could be made available to civilians in the near future at a cost of less than \$1,000.

French Author's Condition Grave

PARIS, April 15 (AP)—Francoise Sagan regained consciousness today after a lung operation starting surgical repair of injuries suffered in the smashup of a British racing car bought with royalties from her sexy novels.

The 21-year-old author of the best-selling "Bonjour Tristesse" and "A Certain Smile" was able after surgery to chat 15 minutes with her brother, Jacques Quoirze.

The brother reported the girl, whose real name is Francoise Quoirze, seemed slightly confused about where she was and appeared to have no recollection of the accident Sunday. Her low-slung Aston-Martin somersaulted while she was driving along a country road near Fontainebleau and, landing in a field upside down, pinned her for 40 minutes with her head pillowed on the rough manuscript of her third novel.

Beck In Jovial Mood On Eve Of Union Huddle

GALVESTON, Tex., April 15 (AP)—Dave Beck headed the vanguard of the Teamsters 13-member executive board arriving today for a secret strategy conference which may determine the giant union's future relationship with the AFL-CIO.

Beck, accompanied by Ralph Dixon, a Texas Teamster official, arrived by private car. The portly Teamster president appeared in a jovial mood.

"Nothing until later, fellows," he said in turning aside questions from newsmen.

AFL-CIO Hearing Set

The session, to start tomorrow morning, is to decide whether the union will answer a summons by the AFL-CIO Ethical Practices Committee for a May 6 hearing to defend itself against charges of corruption.

The meeting is also expected to provide an indication as to whether Beck, target of a Senate investigation, can remain the kingpin in the 1,350,000 member union.

The first member of the executive committee to arrive, Tom Hickey of New York, was cautious in answering questions.

Asked if he was supporting Beck in connection with charges by Senate investigators that Beck had put \$320,000 of union funds to his own use, Hickey said, "I believe that Mr. Beck as president should have the backing of the union."

Premier Einar Gerhardsen published a 2,100 word reply to the letter of Soviet Premier Nikolai Bulganin received March 21. That letter threatened atomic destruction for Norway in case of war if she permits NATO to locate guided missiles and atomic bases on her territory. Gerhardsen's reply was delivered in Moscow Saturday.

Authoritative Norwegian sources have said the Soviet threat against this northern flank of NATO is backed up by 1,500 planes, 530 naval craft and six to eight army divisions close to Norway's arctic frontier.

Asked if he believed the union should answer the AFL-CIO summons, he replied, "Mr. Beck says that he will be able to explain the charges and that in making the transactions he was within his rights."

Around the conference table will be several Teamsters officials whom, observers say, are more powerful than is Beck. Some are possible successors to Beck if he can't maintain his leadership. Beck has said he'll run for reelection.

Senate Group Again Defers Rights Action

WASHINGTON, April 15 (AP)—The Senate Judiciary Committee put off action on the civil rights issue again today, but Chairman Eastland (D-Miss) said it probably would begin considering the legislation April 29.

Eastland wouldn't predict when the committee might take a vote, but Sen. Neely (D-WVa) offered an estimate that it never would.

Neely, who supports the proposed legislation, said that if action depends on what the committee does, "You are going to get judgment on Judgment Day."

Two motions were reported to have been made at today's closed session, with neither of them coming to a vote. Sen. Hennings (D-Mo) offered a motion to take a vote on May 6 and Sen. Ervin (D-NC) offered one to postpone consideration.

Britain Warns H-Test Critics Of Danger Area

LONDON, April 15 (AP)—The British government today asserted its right to declare a danger area for H-bomb tests in the mid-Pacific, and said any trespassers will be there at their own risk.

Minister of Supply Aubrey Jones in a brief statement to the House of Commons, stood by Britain's plans to conduct the test. It was a curtain-raiser to major debate tomorrow on the government's plans to streamline conventional defense forces and rely on guided missiles and atomic power as a deterrent to war.

The Labor party has proposed a motion of censure against the government and is demanding postponement of the H-tests until efforts can be made to gain agreement for calling them off.

"Peace Fleet" Planned

Britain has declared the area around Christmas Island in the Pacific a danger area, and is preparing to explode her first H-bomb there sometime this spring.

The Japan Council Against Atomic and Hydrogen Bombs has been pushing plans to send a "peace fleet" to skirt the area, and has announced that 264 persons have volunteered to go on the protest mission. Originally it was planned to send a "suicide" flotilla into the danger area.

A British man and his wife are among the volunteers, and Lord Bertrand Russell, the British philosopher, and a group of prominent Britons have taken the lead to raise funds to finance the venture.

Five Protests Rejected

Britain has turned down five official Japanese protests against the holding of the tests, Jones, who has charge of the test arrangements, told Parliament "All reasonable precautions, including search by aircraft, would be taken to insure that no unauthorized vessel or aircraft was in the area when the tests took place."

He added that "Those who enter the danger area clearly do so at their own risk." He said the declaration of danger areas was accepted practice and "has never been regarded before as an infraction of the high seas."

Meade Alcorn, GOP national chairman, met with the feuding state leaders in Washington last week in an effort to restore harmony. But the peace parley broke up in disagreement and more recriminations.

Alcorn's proposals for deciding patronage and financial matters in Missouri would have taken the balance of power away from the GOP State Committee and given it to a faction headed by Elroy W. Bromwich, Republican national committeeman. Curtis is aligned with the Bromwich faction.

H. Kenneth Wanglin, Missouri state chairman, rejected the Alcorn proposals after conferring with his supporters. Barak T. Mattingly of St. Louis, a friend of President Eisenhower and a former national committeeman, is regarded as a leader of this faction.

Both groups have been blasting away at each other with renewed vigor since the unhappy meeting in Washington.

Curtis charged that Mattingly "continues to throw a monkey wrench" in efforts to bring peace to Missouri Republicans. Curtis accused Mattingly of overriding local GOP organizations with behind-the-scenes support in Washington.

Plucky Cancer Victim Dies

DETROIT, April 15 (AP)—Leonard Kerschke, the 27-year-old cancer victim whose calm courage stirred the emotions of a nation, died tonight.

Kerschke was told by his doctor Jan. 31 that he had an inoperable cancer and could not expect to live much longer than six months.

He wrote movingly of his reactions in an article distributed by The Associated Press and published throughout the nation March 31.

The article brought a flood of letters to the Kerschke home from sympathetic readers.

Until the end, Kerschke's main wish was to be with his wife, Athlyne, 26, and their baby daughters, Darleen, and Valerie, at their neat little shingle frame home in a pleasant semisuburban area of Detroit.

Nuclear Lawyer, Draftsman Held In Blueprint Case

STOCKHOLM, Sweden, April 15 (AP)—A legal expert of the Swedish Atomic Energy Commission and a former navy draftsman were formally charged today with espionage for "a foreign power"—meaning Soviet Russia.

The indictment accused the nuclear lawyer, Robert F. Damstedt, 29, and draftsman Gosta T. Jakobsson, 35, of conspiring to ship out blueprints of Swedish submarines. It made no mention of any transmission of atomic secrets.

"They are people with somewhat extravagant drinking habits who talked a little bit too much about things they intended to do, but may not have done it," a Foreign Office spokesman said.

"These men have confessed to the police that they intended to sell these blueprints to the Russians."

Arrested April 1

The Swedish law on espionage is so broad that mere substantiation of Prosecutor Werner Rhyning's contention that Jakobsson took the blueprints to his home would be conclusive.

Damstedt and Jakobsson were arrested April 1, opening another round in a stormy exchange of spy charges and countercharges between Russia and Sweden since World War II.

Three other Swedes were indicted with them for failing to report the blueprint case to Swedish authorities.

The Soviet Union, no match for the big Western powers in surface warships, is concentrating on expansion of its submarine fleet, already by far the world's largest.

Protest Made To Moscow

A team of NATO experts headed by U. S. Vice Adm. James H. Thach Jr., reported only last fall that Soviet shipyard workers were completing three new submarines every two weeks.

Sweden protested to Moscow last month against Soviet espionage in this traditionally neutral country. The protest was coupled with rejection of a Soviet complaint that 14 spies for Sweden had been found—and sentenced—in Russia.

Cabinet Free Of Reds Ends 6-Day Crisis

Khalidi, Who Has Western Leanings, Is Named Premier

AMMAN, Jordan, April 15 (AP)—Young King Hussein, backed by tough Bedouin fighters of the Arab Legion, won today in his struggle to give Jordan a moderate government purged of Communists and extremists.

Dr. Hussein Fahkri Khalidi, 61-year-old Palestinian refugee who has shown leanings toward the West, was named prime minister in a seven-man Cabinet.

His appointment ended a six-day crisis set off by Hussein's ouster of Prime Minister Suleiman Nabulsi, a moderate Leftist who headed the powerful National Socialist party. Nabulsi is included in the new Cabinet as a concession to the party, which controls 13 seats in the 40-man Parliament. But no other National Socialist made the grade.

Hussein emerged from the crisis with greater stature than ever.

Arab Legion Trump Card

The 21-year-old King was ruling through virtual martial law. His trump card was the loyal support of the Bedouin warriors who make up the bulk of the British-trained Arab Legion. They command strategic positions atop the seven hills upon which Amman is built, and occupy posts in the business district. They camp in strength on Amman's outskirts.

When they entered the city today they blackened their faces with burnt cork — an Arab sign that they meant business and were prepared to kill.

These troops have already put down one attempt at an uprising by "subversive" elements in the army. This occurred Saturday night at the army base at Zarqa, 20 miles north of Amman. There was a brief but bloody skirmish. (Reports received in Damascus said three officers were killed and 10 persons wounded.)

Censorship Lifted

Hussein rushed to Zarqa and made a dramatic appearance before the troops. Officers and men threw their handkerchiefs to the ground in the old Arab sign of loyalty and obedience to their commander.

Another sign the crisis appeared to be at an end was the lifting of censorship tonight.

Members of the new Cabinet were sworn in a few hours after the government was formed.

It includes three former premiers. They are Nabulsi, Said Mufti and Fawzi Mulki. Mufti failed in two efforts to put together a Cabinet. Mulki is now Jordan's ambassador in Cairo.

Light Vote Seen In N.J. Primary

NEWARK, N.J., April 15 (AP)—Despite fair weather predictions and recent dawn-to-midnight campaigning the voting is expected to be light in New Jersey's primary tomorrow.

Polls will be open from 7 a.m. to 8 p.m. The weatherman says the day will be sunny with temperatures in the 60s.

Refrigerator Safety Devices Considered

Research Prompted By National Alarm Over Child Deaths

WASHINGTON, April 15 (AP)—If little junior crawls into an abandoned refrigerator, what's the best way to make sure he can get out unharmed?

Industry, government and child development experts, working on the problem since last summer, have come up with two ideas that seem likely to be required—or one of the other of them—as a safety measure.

One is a knob on the inside of the refrigerator door, handy to get at and easy to turn. The other is a device that opens the door when the door is pushed from the inside.

But there's no foolproof answer so far. The experts have reached one solid conclusion: No device or combination of devices will be 100 per cent safe, because some children just won't try to escape.

However, in a drive for safer refrigerators, the National Bureau of Standards today announced a proposed set of rules for safety devices. If these standards are officially accepted the devices must be installed on all household refrigerators introduced into interstate commerce after Nov. 2, 1958.

The proposed standards are now being circulated among refrigerator manufacturers for their comments.

Research into the problem was prompted by national alarm over the number of children who died of suffocation after trapping themselves.

Child development experts tested 201 children, aged 2 to 5, in an effort to determine the best safety device.

With an animated cartoon as bait the children were lured into a small dark "playhouse" the same size as an average refrigerator. Then the doors—equipped with the various safety devices—were closed and the movie was turned off.

An infrared "snooper scope" made it possible for the experts to watch the children in apparently total darkness. In many cases infrared movies were taken of their actions, and sound recordings were made of their outcries. In certain cases, measurements were made of the forces exerted by the children.

None of the children was left inside more than 3 minutes. About half managed to get themselves out within that time.

C of C Calls For Foreign Aid Cut

WASHINGTON, April 15 (AP)—An 800-million-dollar cut in President Eisenhower's foreign aid program was advocated today by the U. S. Chamber of Commerce.

A chamber spokesman recommended to a special Senate committee that foreign aid appropriations be held to \$3,600,000,000 for the fiscal year starting July 1 and that the whole program be placed on a "longer range" basis.

Eisenhower has asked for \$4,400,000,000. Many members of Congress are proposing cuts a good deal deeper than the 800 million suggested by the Chamber of Commerce.

James Tanham, retired vice president of The Texas Co., outlined the chamber's position. He said the military assistance program could be cut by 433 million dollars and the economic aid section by 200 million.

An additional 168 million could be saved, he said, by better book-keeping methods and "boosting efficiency" generally.

With today's testimony, the special committee concluded its public hearings. The administration's foreign aid bill still has to go before the Senate Foreign Relations Committee, however. The preliminary cutting will be done there.

Israel Mood Festive As Passover Begins

JERUSALEM, Israel, April 15 (AP)—Israel began the annual observance of the Passover tonight in the midst of a new exodus of Jews from Egypt.

The mood of this Jewish state was festive, despite the political upheaval and the alarming possibilities of a new clash in Arab Jordan next door. The people seemed eager to throw off the tensions of the 5½ months since the Sinai war.

But the tourist business during the Christian Easter season seemed likely to be the poorest in years. Only about 1,500 foreigners have arrived in Israel and Jordan to make the customary pilgrimages to holy places. Last year there were 15,000 visitors from foreign countries.

Hotels on the Israeli side of Jerusalem reported only 200 foreign guests, among them a scattering of Americans. Bethlehem in Jordan was reported to have practically no visitors.

Smile Again Missing In Ike Official Photo

WASHINGTON, April 15 (AP)—President Eisenhower has selected a new official photograph of himself—and again the famed Eisenhower smile is missing.

This is the third selection by the President since he took office in 1953 and all three have shown him without a smile.

It also is the third time Eisenhower has picked a photograph made by New York Times cameraman George Tames. The latest one was snapped by Tames on Feb. 6 while the President was making a recorded broadcast appealing for support of the American Red Cross.

Khrushchev's Speech Lacks Usual Bombast

MOSCOW, April 15 (AP)—Nikita Khrushchev let loose another flood of live-and-let-live sentiment today at a government reception. He blamed what he called the "hot as paprika Hungarian affair" for Communist world disagreement.

In a wide-ranging speech, the Soviet party boss:

1. Told the West "let's compete. Let's coexist. We will go out way and you go yours but don't interfere with us."

2. Told the Yugoslav ambassador "it must admit our relations with Yugoslavia have been spoiled... we fought the Germans and the Japanese."

3. Said of the Norwegian ambassador "he is a good friend of ours even though we disagree with his country's policies on NATO."

4. Remarked that the French ambassador showed up but the British and Israeli ambassadors did not, adding "we like them all. But they attacked Egypt. So it didn't work. So they pulled out."

5. Expressed assurance the time will come "when there will be no NATO, no SEATO and no Warsaw Pact and everyone will live according to his conscience."

Khrushchev's free-wheeling folksy statement, interspersed by wisecracks over the public address system, was made at a reception in honor of a visiting Albanian government and party delegation.

Five Children Perish In Flames Of Home

FAIRMOUNT, N. C., April 15 (AP)—Five children of a Negro tenant farmer family died in the flames of their home near here today. Two apparently died in an attempt to save the other three.

The bodies of the five children, ranging from one to five years, were found huddled in what had been the corner of one of the rooms of the four-room frame house, two miles south of this southeastern North Carolina town.

When a passing woman motorist discovered the flames at about 10:30 a. m., two of the children were playing in the yard. When he returned after summoning the fire department the entire house was ablaze and the two children had reentered the house.

The father and mother were away at work.

McKeldin Signs Measure Ending Potomac Compact

Governor Approves 97 Bills, Vetoes 13

BALTIMORE, April 15 (AP)—Gov. McKeldin today wrote an official note to the historic compact which has governed Maryland's fishing relations with Virginia in the Potomac River for 172 years.

He signed into law a bill which repeals the 1785 compact as of June 1 and a companion measure which will bring Virginia fishermen along the Potomac under sole jurisdiction of Maryland conservation laws for the first time in history.

They were among 97 bills and five joint resolutions signed by the Governor today as he continued cleaning up legislation from the 1957 General Assembly.

Also in the new batch of laws were bills which call for a renewal of all Maryland driver's licenses beginning next year and a revision of the State's election laws.

He vetoed 13 others, including a bill to require General Assembly approval before counties or municipalities could rescind or modify tax exemptions previously granted on manufacturing tools and machinery. McKeldin said it would be too restrictive on the

Contractor Takes \$60,000 Vacation With 71 Friends

MALMO, Sweden, April 15 (AP)—Ragnar Benson, 37, a Chicago contractor of Swedish descent, landed here tonight in a chartered plane with 71 of his closest relatives and friends for a vacation he expects to cost him up to \$60,000.

He is picking up the tab for it all, including the Scandinavian Airlines System DC6 that brought them from Chicago; and transporting, feeding and housing of the group for three months in Europe. To him, it's the "fulfillment of a lifelong dream."

The party was given an uproarious welcome by hundreds of relatives and friends in Malmo, a city of about 200,000 that is Sweden's third largest.

The passengers of the plane—termed the "Benson Viking"—included relatives and employees in a proportion of about 50-50.

Zsa Zsa Sues Beauty Salon For \$40,000

SANTA MONICA, Calif., April 15 (AP)—Actress Zsa Zsa Gabor today sued a beauty salon for \$40,000, charging it caused her hair to fall out.

She alleged "a negligent application of strong bleach" last Jan. 9 burned her scalp, over-bleached her hair and caused it to become "dry, lusterless, brittle and frayed and to fall out in large quantities."

Allies Endorse U.S. Arms Plan

LONDON, April 15 (AP)—Britain and France endorsed today a U.S. disarmament proposal to stop making nuclear materials for weapons next year.

British Delegate Allan Noble told the 103rd meeting of the U.N. disarmament subcommittee the American proposal was a "realistic and a sound step" in reversing the trend toward a nuclear arms race.

Noble said Britain was ready to join in carrying out the American plan, suggesting scientists of the five subcommittee nations—the United States, Britain, France, Russia and Canada—begin Sept. 1 studying an inspection arrangement to enforce the program. The control system would be set up March 1. A month later output of fissionable materials would be assigned to peaceful purposes only, instead of for bombs and other weapons.

Soviet Delegate Valerian Zorin refrained from comment. A detailed analysis of the proposed European common market project said the countries concerned will derive substantial—though unevenly distributed—benefits from the scheme. But the eventual development of a single and unified economy comparable to that of the United States is unlikely because of the varying national traditions and tastes of European countries, it added.

"Credit Squeeze" Slows Europe Economic Growth

GENEVA, Switzerland, April 15 (AP)—Western Europe's economic expansion faltered in 1956, mainly because of governmental anti-inflation policies, the U. N. Economic Commission for Europe reported today.

The commission's annual survey of European economy claimed that the anti-inflation policies in some cases even defeated their own ends by indirectly accelerating the rising price-wage spiral.

The survey warned governments against any unnecessary prolongation of the "credit squeeze" policies, and suggested the only effective means of preventing further inflation in Europe may be a politically unpopular recourse to heavier or reduced personal income taxes.

The chapter on Eastern Europe said that economic expansion in European Soviet satellites also fell far behind expectation last year, but it predicted a revival in 1957.

A detailed analysis of the pro-

posed European common market project said the countries concerned will derive substantial—though unevenly distributed—benefits from the scheme. But the eventual development of a single and unified economy comparable to that of the United States is unlikely because of the varying national traditions and tastes of European countries, it added.

The survey said the Suez crisis caused only a small part of the decline in Western Europe's industrial expansion and some of the main ship-owning countries actually profited from it as a result of the increase in freight charges.

On balance, Britain and France were the worst hit by the effects of the Suez crisis, the survey said.

Taxing of whisky began with the passage of an excise law in 1791.

Study Group Urges Steps To Curb Juvenile Crime

BALTIMORE, April 15 (AP)—An anti-crime study group has warned that Maryland must gird itself for a 27 per cent increase in juvenile crime in the next three years.

The Baltimore Criminal Justice Commission recommended that the State improve its defenses by:

1. A sharp increase in the number of probation officers to give judges more complete information on youthful offenders.
2. Setting up a new classification unit to recommend to the courts the most effective type of treatment for each individual.
3. Establishment of a detention center to handle "detained" youngsters who are now mixed with more experienced offenders at the training schools during the weeks before they are returned to their families.
4. Integrating the races at the Maryland Training School for Boys and Boy's Village to enable both institutions to concentrate more on special programs for specific age groups.

The commission's 34th annual report said the 27 per cent increase in youthful crime and delinquency was based upon the present rate of crime and the expected population growth. If the rate of crime should increase, it said, the problem would be even more critical.

An increased number of trained probation officers would reduce the number of cases each officer must handle and provide "effective supervision and thus give real help to the probationer," the commission said.

A detention center, it said, would take the transient load off the training schools and allow the courts to use the school facilities in more cases.

"This might help to reduce the total number of boys aged 18 and under who approximate one third of the yearly commitments at the Maryland State Reformatory for Males," the report said.

It noted that the State Welfare Department is developing a detention center for juveniles and said "we urge support of this program."

Racial integration at the training schools, the report said, "would be a beginning step to eliminate our present training school programs, which have the difficult task of handling youngsters over the broad age range of 8 to 18."

Tax Returns Deluge Baltimore Office

BALTIMORE, April 15 (AP)—Late filers who waited until yesterday and today to send in their federal income tax shouldn't expect a refund, if they have one coming, until late May.

That's the advice of Clarence I. Fox, district director of Internal Revenue who with his staff was deluged today with last-minute returns.

Five hampers of mail were processed Saturday and 21 more hampers were brought in today. Each hamper contains about 8,500 tax returns.

Fox issued a last-minute urgent plea that taxpayers who owe more tax than was withheld attach a check to their returns.

The deadline for filing is midnight tonight and many thousands of returns are expected to come in in the next few days. So great is the crush already, that Fox said refunds can't be expected before late May.

The district office here already has refunded about 61 million dollars to 680,000 early filers.

There are more than one million stutters in the United States.

Fairchild Stock Plan Vote Set

NEW YORK, April 15 (AP)—A proposal to increase the common stock of Fairchild Engine & Airplane Corp. from 3½ million to five million shares of \$1 par value will be voted on by stockholders at the annual meeting April 24.

Also up for consideration is an increase in the authorized non-preferred stock from 60,000 to 150,000 shares.

The company currently has 3,038,272 common shares outstanding with an additional 125,000 reserved for issuance under an incentive stock option plan.

None of the company's authorized preferred stock is currently outstanding. Under a charter amendment, holders of preferred stock would have the right to one vote per share, voting as a single class with the common stock.

Fairchild Engine's directors have no present plans to issue any additional shares of either common or preferred, according to the proxy statement.

Estimated temperature of the earth's center is about 9,000 degrees Fahrenheit.

Slamming Door Proves Costly To Tree Surgeon

BALTIMORE, April 15 (AP)—A tree surgeon was fined today on a charge that he assaulted a seaman with a glass door.

The tree surgeon, Charles Bowen, told Magistrate Meyer M. Cardin he slammed the glass door of a bar yesterday when he left in a huff after an argument.

The door hit Ralph J. Palmer, one of two men who were following him. Palmer, a 30-year-old seaman, needed 30 stitches to repair the damage to his head.

Bowen was given a \$50 fine for assault, which was suspended, and fined \$25 for disorderly conduct. Palmer also was fined \$25 on the same charge.

Power Plant Planned

WASHINGTON, April 15 (AP)—The Potomac Electric Power Co. plans to start construction before long on a new power plant in upper Montgomery County, Md.

H. Roy Dunn, Pepco president, made this comment today at the annual stockholders' meeting.

Channels Dredged

BALTIMORE, April 15 (AP)—The Army Corps of Engineers plans to tidy up the main ship channels leading into Baltimore Harbor beginning tomorrow.

Col. Stanley T. B. Johnson, district engineer, said that for the next two and one-half months the hopper dredge Chester Harding will be working in the channels.

Havre De Grace's Oldest Resident Dies

HAVRE DE GRACE, Md., April 15 (AP)—Mrs. Irene Worthington Churchman, Havre de Grace's oldest resident, will be buried tomorrow.

Mrs. Churchman, who would have been 101 next June 19, died Saturday at her home here.

Born in Sion, in nearby Cecil County, she lived all her life in Cecil and Harford counties. She was the widow of Amasa Churchman who died many years ago.

Dartmouth first played inter-collegiate hockey in 1905.

Dr. Frantz Submits His Resignation

Dr. Winter R. Frantz submitted his resignation as city health officer yesterday, effective May 1.

Dr. Frantz, in a letter, told the Mayor and Council he plans to retire on that date and thanked council for its cooperation and efforts in furthering the work of the Health Department.

Council, on motion of Commissioner William H. Buchholtz, accepted Dr. Frantz's resignation with "deep regret."

Commissioner William V. Keegan said that men like Dr. Frantz who give their services to a city at such a low salary compared to what they could make in private practice, are "few and far between."

Buchholtz said the veteran health officer will be difficult to replace and also suggested that a resolution of thanks be prepared for his services to the city.

Council also acted on two appointments and a status change.

Raymond V. McKinley was confirmed as a regular member of the Fire Department effective April 6.

Mrs. Margaret B. Manges was hired in a temporary capacity to aid in verifying signatures on petitions filed in connection with a referendum on a proposed \$500,000 bond issue. She will be paid \$7 a day.

The status of Carl Wolfe was

changed to permanent maintenance man in the Recreation Department at \$1.54 an hour. As a seasonal employee he had received \$1.40 an hour.

Council also confirmed the action of the Recreation Board which has accepted the resignation of N. Gwynn Fletcher as recreation director, effective April 22. Fletcher is going to Wright-Patterson Air Force Base, Dayton, Ohio, as recreation director for the Air Materiel Command.

Secrets Of Charm

by John Robert Powers

It's Time To Relax

Are your nerves on edge? Are you a bundle of nerves? Are you nervous as a cat?

You may be sure that if one of those cliches describes you, it is as obvious as though your slip were showing. Nervousness exhibits itself in many a small way, to many an unbecoming manner.

How many times a day do you glance at your watch, even though you are perfectly aware of the hour? How many times—during a conversation—do you cross and re-cross your legs, slip your shoe off and on at the heel, or peel bits of polish from your fingernails? Often? Then, lady, it's time to unwind!

Nature gives you danger signals, an ache or a pain, when you are catching a cold or coming down with measles. She signals tensions or mental fatigue in a similar manner.

You may indicate tension through unconscious facial expressions—wrinkling your forehead, grimacing, or biting your lips. Just habits, you say? Yes, nervous habits!

A multitude of useless motions and futile gestures like these may hint that you are tense: twisting your ring; drumming your fingers on a table or the arm of a chair; pulling out your compact every few moments for self-appraisal; winding a lock of hair around your finger. Interspersing your speech with "ahs" and "ers."

You may try to explain away these off-repeated symptoms of tension by saying that they recur only when you are bored. But, why are you bored? Is it because your companions or your surroundings are really dull, or is it honestly because you aren't relaxed enough to appreciate and enjoy them?

To recognize the manifestations of tension for what they are is to win half the battle in destroying them. When any of these mannerisms take hold, it is time to remind yourself to RELAX. Take it easy. Take more interest in passing talk and activity.

You can't be tense and charming at the same time. Eliminate the nervous gestures that reveal your tension by overcoming the tension itself... you will have more energy, more vitality, more charm.

W.Va. Poultry Festival Plans Under Way

Moorefield Event Includes Pageant

MORGANTOWN — The 15th annual West Virginia Poultry Convention and Festival will be held at Moorefield, Hardy County, on July 31-Aug. 2, it was announced by Harold M. Hyre, associate poultry husbandman at West Virginia University, who heads the publicity committee for the event. Jack Rudolph, Intermont, Hampshire County, is president of the West Virginia Poultry Association, the sponsoring organization for the convention.

The meeting is being held during the week of the Moorefield Volunteer Fire Department Poultry Festival.

High lights of the three-day affair will include the annual business meetings of the West Virginia Poultry Association and the West Virginia Poultry Improvement Association; a Beauty Pageant and the crowning of a Poultry Queen and a Broiler King for 1957; a two-day educational program on Aug. 1-2; a parade of floats and bands on the evening of Aug. 1, and finally, a huge chicken barbecue will be held on Friday evening, Aug. 2, followed by the Poultry Queen's Ball.

The program committee, headed by Ted R. Hash, extension poultryman at West Virginia University, is already hard at work on the educational program for the convention, Hyre pointed out. Competition for the Broiler King crown is very keen with 14 counties submitting records from their best growers. For the nine-month period ending the last of March, over 475 flocks were entered, including more than 2,000,000 birds.

"President Rudolph urges all poultrymen, as well as others, to set aside the dates of July 31 and August 1-2 to attend this convention and festival," Hyre said.

Congregation Meets Wednesday

LONACONING — A congregational meeting of St. Peter's Episcopal Church will be held Wednesday evening, April 24, at 8 p. m.

All members are invited by Rev. Leslie E. Scwindt, vicar, to hear the state of the church in Lonaconing.

Palm Sunday after the 9:30 a. m. service, a "coffee hour" was held for the families. For this Palm Sunday service, H. Gordon Cook was crucifier; Glenn C. Riffey, server; James Z. Bosley and John E. Cook, tapers; Miss Betty Ann Cook, nursery; Dr. Leslie R. Miles Jr. and Leo F. Miller, ushers.

West Virginia's Adj. General Takes Office

CHARLESTON, W. Va., April 15 —William E. Blake of Lewisburg was sworn in today as West Virginia's Adjutant General, with the rank of brigadier general.

Blake, who replaced Maj. Gen. Charles R. Fox, took the oath from Secretary of State D. Pitt O'Brien. Gov. Underwood and retired Col. O. C. Damwood of Charleston pinned on Blake's stars.

Col. Damwood was Blake's first commanding officer in the National Guard at Roncoveite.

Blake announced that work will begin very shortly on three new armories, at Moundsville, Beckley and Richwood. He said plans are going ahead for 16 other armories in the state, under a legislative act authorizing revenue bonds to finance them.

Gen. Fox's assistant, Maj. William Miller, will be retained, Blake said. Miller has been assistant Adjutant General for eight years. Like Blake, Miller was a paratrooper during World War II.

FROSTBURG — Mr. and Mrs. Charles W. Freeland Jr., Fairmont, announce the coming marriage of their daughter, Marlin Lee, to James S. Orr, son of Mr. and Mrs. Charles Lynch, Baltimore, former residents of Frostburg.

The wedding will take place in the Evangelical United Brethren Church in Fairmont at 7 p. m. Saturday, Rev. D. L. Dickenson, pastor of the Christian and Missionary Alliance Church, will perform the ceremony.

Miss Freeland graduated from Barrackville High School with the class of 1955. She is employed with the C. and P. Telephone Co., as a traffic operator.

Her fiancé is a graduate of Beall High School here and at present is a senior at Fairmont State College, majoring in physical education. He is active in football, track and swimming teams of the college and is a member of Zeta Sigma Fraternity.

Mt. Savage Dairyman Buys Registered Bull

PETERBOROUGH, N. H. — James Weimer, Mount Savage, has purchased the registered Guernsey bull, "Susie's Brave Samson" according to the American Guernsey Cattle Club.

The new sire was bought from Walter E. Yoder, Meyersdale, Pa. This bull is out of the fine Guernsey cow, Ambassador's Susie that has an official production record of 11,153 pounds of milk and 587 pounds of fat, made on two times daily milking in 365 days. He was sired by King's Brave Ultra Prince.

CWO Meets Today

Church Organ Is Memorial To R. F. DeVore

WESTERNPORT — A church organ which will be a memorial to the late Russell F. DeVore will be placed in the new Church of the Brethren here.

Because of his great love of music, it was decided by church officials to install the organ in memory of Mr. DeVore who died suddenly of a heart attack on October 10, 1956.

A native of Connellsville, Pa., he received his formal education at Piedmont High School, Potomac State College, Keyser and Bridgewater (Va.) College. He majored in music.

Aside from being a successful businessman, he was a deacon of the church and a minister of music, in addition to being active in the church school and men's work.

He was outstanding as a soloist, and the quality of his voice combined with his ability to play the piano and organ to make him an excellent director of quartets, mixed choirs and male choruses.

Sponsors of the memorial are the Men's Work Organization of the Church of the Brethren. The new structure was built on Oak View.

Farrady Auxiliary Tops Member Goal

FROSTBURG — At a meeting of the Auxiliary Unit of Farrady Post 24, American Legion, a report was read on the Mountain District meeting held in Lonaconing. Mrs. Angela Jackson, president, expressed her thanks to the membership committee for reaching the quota in the membership drive. Membership now stands at 110. The Child Welfare committee also reported on their progress.

Plans were made to attend the memorial service in Barton in conjunction with the next Mountain District meeting. A donation was approved and sent to the flower fund in memory of deceased members.

A spaghetti supper will be held Thursday, April 25, from 5 to 7 p. m. in the legion home, sponsored by Farrady Post. The auxiliary are selling tickets for the dinner.

The May meeting will be in honor of Gold Star Mothers. Entertainment will be arranged and refreshments served.

Moundsville Seeks Planner

MOUNDSVILLE, W. Va., April 15 —A preliminary report on a drive to raise \$27,000 for hiring of a professional city planner will be presented the Moundsville Area Conference, Inc. tonight.

The very Rev. Benjamin F. Farrell heads the finance committee. Preparation of a master plan for improvements in Moundsville and neighboring areas has also been proposed for tonight's meeting.

Homemakers Club At Eckhart Plans Banquet May 9

ECKHART — The Eckhart Homemakers Club met last Thursday evening in the Square Circle Club house with 26 members present. Mrs. Thomas Adams, a member of the Mount Savage Club was a visitor. Mrs. Delores Fatkin, president of the club was in charge of the meeting, and announced that the annual chicken dinner of the club will be held on May 9 at the Square Circle Club house. Reservations must be made with Mrs. Mary Shinholt before May 2 for this dinner.

Miss Mary Wise, Allegany County home demonstration agent gave a demonstration on proper table setting, and after the group sang the Homemakers "Hymn of the Month," "O Sacred Heart." Mrs. Helen Bruner gave the history of the hymn. Roll call was answered by each member stating what item she would like to see included in the club's 1958 program.

The club appointed Junior Watson to care for the Memorial at Eckhart Elementary School during the summer months, and committee reports were given by all committees. Mrs. Mary Shinholt reported on "The Best Food Buy of the Month."

The president announced that a meeting of all club presidents and fair exhibit chairmen will be held at the Allegany County Court House on April 29, and the "Homemakers Chorus Pageant" will be held at West Side School in Cumberland on May 6. A demonstration of how chair seats can be re-caned will be given at the Court House by Miss Wise, from 10 a. m. to 3 p. m. on May 7.

Mrs. Dorothy Loar was in charge of entertainment and the program of the meeting, and a number of games were played with the winners receiving appropriate prizes. Hostesses for the meeting were Mrs. Mary Watkins, Mrs. Maude Porter, Mrs. May Hansel and Mrs. Dorothy Loar.

New Creek PTA Lists Officers For Next Year

KEYSER — The New Creek School Parent-Teacher Association has elected the following officers for next year:

President, Mrs. Gay Rembold; vice president, Mrs. John Haines and treasurer, Mrs. Bruce Rinehart. The selection of a secretary was tabled until next month.

After discussion of the capitation tax bill it was voted unanimously not to support the bill. It was decided to have a variety show April 26 at 7:30 p. m. The committee to work in the kitchen is composed of Mrs. Paul Ashby, Mrs. John Haines and Mrs. Forrest Miller. Mrs. Caroline Swisher volunteered for the publicity chairmanship. A training meeting for all officers will be held May 3 at 7:30 p. m. in the Potomac State Science Hall with a two-hour session. An executive committee meeting will be held April 23 at the schoolhouse at 7:30 p. m.

The program consisted of a masquerade party with Mrs. Matie Harris acting as mistress of ceremonies. Serving on the panel to guess the masqueraders were Mrs. Caroline Swisher, Mrs. Janet Fike, Mrs. Sarah Jane Fout, Oscar Lease and George Ellifritz. The masqueraders were Paul C. Rouzer, Mrs. Forrest Miller, Hurley Fike and Henry Jones.

Good Friday Service Set At Tri-Towns

Area Ministers To Participate

PIEDMONT—The Good Friday services sponsored annually by the Tri-Towns Ministerial Association will be held April 19 from noon to 3 p. m. in Piedmont Presbyterian Church on Ashfield Street.

The theme for the service is "The Words From the Cross." The service will be presented in seven divisions in which there will be prayerful meditations upon the sayings spoken by Christ on the Cross.

Hymns of devotion will be sung by the congregation. Choral music will be presented by the church of First Baptist Church of Westernport, Trinity Methodist Church and Piedmont Presbyterian Church. The themes for the divisions of the service and the participating ministers follow:

1—"Forgiveness," Rev. A. C. Agnew, pastor of Westernport Evangelical United Brethren Church; 2—"Pardon," Rev. Rex R. Coffman, pastor of Piedmont Pentecostal Holiness Church; 3—"Love," Rev. E. W. Welford, pastor of First Assembly of God, Westernport; 4—"Loneliness," Rev. L. E. Crowson, pastor of Trinity Methodist Church, Piedmont; 5—"Human Need," Rev. William B. Orndorff, pastor of First Baptist Church, Westernport; 6—"Triumph," Rev. Hugh M. Maynard, pastor of Christ Memorial Baptist Church, Westernport; 7—"Reunion," Rev. Robert M. Campbell, pastor of Piedmont Presbyterian Church.

Visiting choirs will be directed by their own directors and accompanied by their own organist. The Presbyterian choir will be directed by Mrs. Robert M. Campbell and accompanied by Mrs. Howard Hutchinson, guest organist.

Tucker County Fair Planned

PARSONS, W. Va.—Mrs. Louis A. Williams, secretary of the Tucker County Farm Bureau, gave a report on the questionnaire sent to farmers asking their ideas and interest in the annual Tucker County Fair, at a meeting of the Tucker County Fair Association last week. Mrs. Williams said that anyone wishing to inspect the questionnaire may contact her at the county extension office.

It is requested that a person who has a questionnaire, please fill in the form and return it to the Tucker County Fair Association before April 29, when the association will meet to tabulate the results of the survey.

A meeting of the fair association will be held on May 13 to select the location for the 1957 fair. Attending the meeting were Mrs. J. Blaine Corrick, Mrs. Louis A. Williams, George Kiser, J. Kenton Lambert, C. F. Phillips, N. C. Hardin Jr., Luther Sturms, J. Herman Lambert and Robert A. Felton.

Former Resident Sees Friend Die In Car Accident

A former local resident was with a Wheaton, Md., mother of two children last week when she was fatally injured by her own automobile.

Mrs. Phillip Minke, the former Miss Frances Rudd, accompanied Mrs. Gloria Conner, 30, Wheaton, on a shopping trip when Mrs. Conner was killed in a parking lot.

Mrs. Minke and Mrs. Conner had gone shopping for a birthday present for Mr. Conner.

Police said the women pulled into the parking lot and started walking towards the store when Mrs. Conner's car started to roll down a slight incline.

A man standing nearby yelled to Mrs. Conner and she ran to the drifting vehicle and opened

the door on the driver's side, but the force of the backward motion threw her to the ground and under the car. She died instantly of a broken neck, police said.

Mrs. Minke, daughter of Mr. and Mrs. T. L. Rudd, 827 Gehart Drive, is a graduate of Allegheny High School, and the mother of two sons.

Mr. Conner was baby sitting for Mrs. Minke's children and his own two children while the women went shopping.

St. John's Holding Holy Week Services

St. John's Lutheran Church has arranged a series of services in observance of Holy Week and Easter, according to Rev. Russell E. Fink, pastor.

Services are being conducted daily at 7:30 p. m. through Friday, the pastor said, adding that the theme is based on the last week of Christ's ministry. Meditations for the various services

will be "An Act of Worship," "The Blessed Promise," "The Stage is Set" and "The Last Supper."

Communion will be distributed at the services Wednesday and Thursday. Rev. Mr. Fink said adults will be received into church membership at the Thursday evening service. The congregation will participate in the community service on Good Friday at Grace Methodist Church, with the service scheduled to run for three hours, beginning at noon. The meditation at the evening service that day at St. John's Church will be "The Seven Last Words."

Communion will be distributed at the 8:30 a. m. and 7:30 p. m. services on Easter Sunday, Rev. Mr. Fink said.

That 'Incident' In The Canal

On January 3, 1957, the Soviet motorship N. Ostrovsky, with a cargo of canned fish for Britain, and the 4,000-ton Admiral Senyavin, carrying zinc concentrates to the Baltic, passed through the Panama Canal. Russian ships seldom use the canal.

Port officials searched these two thoroughly and watched them closely for sound security reasons, and their personnel were not allowed shore leave.

What happened when the report of this incident reached the Kremlin? It isn't hard to guess. Somebody said: "Stick it in the files. A time may come when we can make propaganda use of it."

That time has now come. Moscow is stepping up its anti-American campaign designed to make dwellers behind the iron curtain believe they must accept cutbacks in food without complaining or revolting because the war-mad Americans are plotting to destroy them.

So now, approximately 100 days after the two Soviet ships were permitted to pass through the Panama Canal, Moscow has sent a note to the United States protesting against the "disrespectful had been motivated by genuine concern of the United States for the security of the Panama Canal." They received. If the about such treatment, it would have been dispatched promptly.

The ships were treated with no more suspicion than the Russians accord to non-communist ships in waters they control. They were merely closely watched against the possibility that they might engage in spying or attempt to wreck the vulnerable canal.

The Russians can prevent such "incidents" in the future by dropping some of their own "discriminatory treatment."

These Days

The Norman Case

Bigger problems are involved in the Norman case than the suicide of any one man, no matter who he may be. In the first place, the peaceful relations between Canada and the United States are equally important to both countries and should not lightly be sacrificed for any reason whatsoever, particularly not because an Executive agency of government permitted a document to slip to a Congressional committee for its own reasons or because a Canadian statesman wants to play politics with every unpleasant situation that may develop between the two countries. The Senate committee could not have had the security memorandum which started all the trouble unless someone in an Executive agency of the government made it available.

If Foreign Minister Lester Pearson objects to American officials being interrogated concerning their Canadian friends, he needs only to recall that Dr. Raymond Boyer, Allan Nunn May and Bruno Pontecorvo, among others, were involved in acts of espionage which concerned both Canada and the United States.

And while the Canadians might rightfully say that we, in the States, brought up a lot of very bad boys ourselves, it is true that all countries have suffered from the corruption of the human mind and spirit by Marxists and Marxism and that Canada has had its share. The Report of the Canadian Royal Commission on this subject is a masterly document and it is to be regretted that the government in Washington did not pursue the leads provided by Prime Minister Mackenzie King who was a great friend of the United States and who did not feel called upon to use this country as a spanking boy to advance himself politically.

The most important relationship between the two countries is the radar installation in the Arctic, an American enterprise on Canadian soil, which is equally important to the security of both countries. Neither Lester Pearson's anti-Americanism nor data brought before any Congressional committee ought to be permitted to interfere with a joint operation upon which depends the safety of generations in both countries who will be alive many years after all the presently overheated personalities have left this vale of politics to account for their sins. President Eisenhower was sound in expressing the hope that the quarrel would quiet down; surely if it is continued for private political gain, it will boomarang.

There are bound to be many American Congressional investigations involving Canada and Canadians, particularly as many Canadians are investing their own money and Swiss money in American industries, while at the same time considerable quantities of American dollars are being siphoned off in transactions in Canadian uranium and lithium mines which turn out to be frauds. For instance, the Green Bay enterprises made money for some, but many lost both in the Green Bay and Twin Bay speculations. Green Bay rose from a low of between 50 and 75 cents in a few months to \$12.50 and then collapsed and is now worthless. It was sold frenziedly on the New York market, but it operated out of Edmonton.

This is only one instance. There are many more, some of which are legal and legitimate, but may, from the standpoint of the economic welfare of the United States, not be sound and beneficial. The influx of Canadian capital into the United States is not as great as American investments in Canada, but it would seem that the latter is the more substantial in character. The combination of Canadian industrialists operating within the United States with certain Swiss banks, particularly the Swiss-Israel Trade Bank, and the use of tax havens, are attracting attention and are being looked into by several Executive and Congressional agencies.

One reason for the investigations is to discover whether there have been violations of SEC and tax regulations and another is that there are possibilities of cartels operating in the United States as monopolies. Certainly the newspaper situation which makes American newspapers dependent upon Canadian decisions is one such problem and requires fuller studies than have been made.

It ought to be possible for each country to do what it needs to do within the margins of its own constitutional forms without the accelerated publicity campaign that marked the Norman suicide which was sad enough and undoubtedly utterly needless as all such acts are. It is a pity that a death raised these issues.

The Old Angler Knows His Hooks

1957 May Be Very Good Year For U.S. Business

By David Lawrence

WASHINGTON—Well, the scare about business conditions is about over. Analysts who were gloomy in January in predicting what kind of year 1957 would be are getting more optimistic. It looks now as if this year will be one of the best in the history of American business.

Everything is relative, of course, because unless a current year shows "gains" over the preceding year, the talk is usually of a "decline" and maybe a "recession." But what's being discovered now is that 1957, while not a record-breaking year, will be good by almost any standard.

Within the last few days some significant surveys of the business situation have been issued which coincide in their appraisal of 1957 as a good year for business. Thus the monthly letter of the first National City Bank says: "On balance, the strong sectors in business offset the areas of weakness. . . . There is no evidence that the rise in gross national product has halted; certainly, it has not turned down."

There are two major fields to which business surveys always give primary attention. One is the expenditures for heavy goods—plant and equipment—and the other is consumer spending. Here is what the bank's letter says on both:

"Business men are planning to spend \$37.4 billion on new plant and equipment during 1957—an increase of 6½ per cent over the record-breaking 1956 outlays. . . ."

"Most of the scheduled rise from 1956 to 1957 had already been accomplished by the first quarter of 1957. To achieve their investment goal for the full year, business men need to increase their spending less than two per cent further. Second quarter outlays are already scheduled at a \$38 billion annual rate, but

these early expectations may not be fully realized, as has been the case in each of the last four quarters. Estimates of expenditure patterns in the second half of 1957 are still very tentative, but the best guess is that they will be close to the first quarter rate."

Consumers are shown by surveys to be generally optimistic, though somewhat "price-conscious and cautious." But, as the bank letter says, "On the whole, it is a picture of sustained, though not expansive, consumer buying interest."

Turning to the survey made by the economic division of "U.S. News & World Report" last week, we find this appraisal for 1957: "Business, by almost any standards other than those of

feverish boom, will be good in most lines. . . . In general, business activity will be on a plateau, with a few valleys appearing in places where expansion had gone too fast. . . ."

"When it is all added up, the result is a year of spending about on a par with the spending level of late 1956. In total, 1957 promises to be a year of stability rather than a year of expansion. . . ."

"All in all, the outlook is for one of the mildest adjustments on record."

This doesn't mean that the brakes are soon to be off and another boom is in sight. There is no justification for extremes, either of pessimism or of optimism.

What's happening really is that

Baering Down On The News

By Arthur "Bugs" Baer

Mayor appointed traffic safety specialist to keep pedestrians within bounds. How about the leaps?

If an ankle-excursionist doesn't manipulate his bounds he isn't going to get there. Anyone than a chocolate rabbit in a boy's fist.

I'm the careful pedestrian who waited two hours for the lights in the corner drugstore window to change.

But what can a footician tell a pedestrian that he doesn't suffer from already?

The Baer system of curb exploration increases the vacuum

while standardizing the statistics. We figure to twist your risk.

Why not apply the old hayfoot-strawfoot rhythm of Army days? The only way my old sergeant got Company B to stay in place was to put us all in a truck.

Here's the gimmick in capsule formation. Compulsorize the bogan brigade. Make each pedestrian wear one red shoe and one green shoe.

He walks on the green and stops on the red. If he is color blind he winds up wearing his best slacks.

Committee Which Leaked Security Information Is A Law Unto Itself

By Drew Pearson

WASHINGTON — Sen. Tom Hennings of Missouri has drafted a resolution of Senatorial apology, to Canada for making public the secret security data which brought about the suicide of Herbert Norman, Canadian Ambassador to Egypt.

Such an apology was what the Canadian government has wanted, since it regards the Senate, not the State Department, as responsible for breaking confidence. However, there's little likelihood that the Senate would pass such a resolution unless drastically watered down.

About 90 of the 96 Senators might favor such an apology privately, but publicly few are likely to back it—for an interesting and significant reason. The reason goes to the heart of why the Senate Internal Security subcommittee has been allowed to operate almost at will.

Chairman of the Internal Security subcommittee is big, balding cigar-smoking Jim Eastland of Mississippi, Democrat. Eastland is also Chairman of the Senate Judiciary Committee and, as such, influences private bills.

These are the bills for pensions, immigration permits, citizenship, damages, etc., which every Senator must squeeze through Congress in order to get re-elected. They constitute the great bulk of every session's legislation. And

since Jim Eastland sits as czar over the Judiciary Committee, he can block them or speed them.

So only a few Senators want to antagonize Jim Eastland by pushing an apology to Canada which would reflect on him.

Republican Committee

That's also why few want to interfere with the way Eastland runs the Internal Security subcommittee. Though Eastland is a Democrat, the committee is run by Republicans. Eastland himself is consulted by the Eisenhower administration on job appointments in Mississippi. He has more power with Republicans than most Democrats, undoubtedly more power than he ever had with a Democratic administration.

Working with him as virtual co-chairman of Internal Security is Sen. Bill Jenner of Indiana, Republican. They have appointed as counsel not a Democrat, but a New York Republican, Robert Morris, the man who published the security data on Ambassador Norman.

Morris is given complete freedom to do almost anything he pleases. He has even had government stenographers type Republican speeches on government time to be delivered at Lincoln Day dinners blasting Democrats under whom he serves. His associate counsel is William Rusher, another arch-Republican, and the clerical staff includes Roy Garcia and Eleanor Melaney, also Republicans. This is unusual. When the Democrats control Congress they usually insist that personnel be Democrat.

Other Senators have tried to curtail the Internal Security subcommittee without success. Early this year, the Rules Committee voted to cut its funds. Eastland and Republican friends quickly overrode this on the Senate floor, and the full amount, \$289,291.45, was voted, with an additional proviso that a minority (Republican) counsel be added. This meant that an additional Republican, Rusher, was added, since Morris, Republican, is appointed by Democratic Chairman Eastland.

The Democrats do have one staff lawyer on the subcommittee. Julian Sourwine, who resigned last year to run for the Senate in Nevada. After being swamped by Sen. Alan Bible, Sourwine came back to Washington looking for a meal ticket and was welcomed to the bosom of the committee.

Sourwine is the man who started a probe of the New York

Times in the fall of 1955 when most members of the Internal Security subcommittee were out of town. It served as a build-up to run for the Senate later.

Both Morris and Sourwine know that they can always get 100 per cent support from a majority of the Senators on their committee through the Republican team of Jenner and Eastland. Supporting them are Butler (Md.), Hruska (Neb.), Republicans; and usually McClellan (Ark.) and Ervin (N.C.), Democrats. Watkins of Utah, Republican, and Neely of West Virginia, Democrat, have opposed them, but are overriden.

Under The Dome

Clyde Ellis, the National REA lobbyist, has written me that I'm all wet about working out a deal with Lyndon Johnson last year to support Gov. Price Daniel of Texas against Ralph Yarborough, now the Senator-elect from Texas. Glad to have his statement, though its' not what Ellis's staff told Texans at the time of the Price-Yarborough race. . . . Senate Leader Lyndon Johnson (D-Texas) churns up such nervous energy that he can't sleep nights. He has talked seriously of giving up the leadership to relieve the tension. His doctors, who have seen him through one heart attack, have ordered him to "take it easy." . . . Liberal Democrats, once a power in the Senate, no longer work together as a bloc. Their chairman, skit-terish Sen. Lister Hill (D-Ala.), hasn't even called them together since the Senate convened. . . . Bushy-browed Sen. Wayne Morse (D-Ore.), weary of crying out alone in the legislative wilderness, is trying to reactivate the liberals. His first backstage move is to replace Hill with trigger-tongued Sen. Hubert Humphrey (D-Minn.). . . . Lyndon Johnson, who charmed Humphrey last year into curbing his liberal impulses, is now working on Sen. Dick Neuberger (D-Ore.). . . . Bashful, boyish Sen. Jack Kennedy (D-Mass.) has lined up Sen. George Smathers (D-Fla.) to help sell him to the south in 1960. Behind the scenes, Lyndon Johnson will also help get Kennedy a spot on the 1960 Democratic ticket. . . . Thriftiest man in the Senate is nearedly elder statesman Matt Neely (D-W. Va.), whose District of Columbia Committee operates on the smallest budget in the Senate. Yet at the end of each fiscal year he still turns money back to the Treasury. . . . Red-haired ex-Congresswoman Reva Beck Bosone (D-Utah) is helping out Sen. John Carroll (D-Colo.).

On The Side

By E. V. Durling

Every year in the United States about 15,000 girls of 15 years of age are married. Annually in this country about 250 females of 15 are divorced. Every year here about 340 wives of 15 become widows. So the statistics indicate. However, I have yet to meet a 15-year-old widow or divorcee.

DEPRESSING DRAMA

The plays of Eugene O'Neill are enjoying successful revival. I concede that O'Neill was one of our greatest playwrights but his plays are too much on the morbid side for me. He was one of the most morbid of all modern playwrights. In 30 plays by him, there have been depicted 10 murders, six suicides, 19 deaths and six insanities. In "The Iceman Cometh," the playwright displayed some restraint as to morbidity. In that play there is only one murder and one suicide.

PLEASE NOTE

Teen-age drivers are involved in 200 per cent more fatal automobile accidents than adults. All automobiles driven by persons under 18 should be equipped with speed regulators limiting them to 35 miles an hour.

SIDELIGHTS

Libra (Sept. 24-Oct. 23) men find beauty of face and figure more appealing in women than intelligence. That is why so many Libra executives have such shapely "omph girl" type secretaries. Or, so say the stargazers. . . . "Like Grant took Richmond" is a frequently voiced expression. How did Grant take Richmond? Do you know the details? Or should your former history teacher blush for your ignorance?

ANNOUNCEMENTS

Should divorces be announced as engagements and marriages

are? It has been recently suggested they should be. It is not a new idea. Fifty or more years ago divorce announcements were not unusual. What follows is one that appeared in a Yankton, S. D. newspaper: "Mr. and Mrs. Peter Travis take pleasure in announcing the divorce of their daughter, Philomena Amelia, from Mr. John Jones Robinson, Yankton, S. D., April 10, 1896."

GET IT RIGHT

The great tenor, Enrico Caruso, was the 19th and last child of his parents. So I note it said by a contemporary who should know better, Enrico was the 19th child of his parents but not the last. From the brilliantly written biography of Caruso written by Dorothy Caruso, I quote: "Anna Caruso had 21 children. Eighteen died. The nineteenth, Enrico, lived and became perhaps the greatest singer of all time."

NICKNAMES

What's in a nickname? In the yesteryear there was a fighter nicknamed "Knockout" Brown. Also one nicknamed "One Round" Hogan. These two ringmen met on one occasion. Hogan did not dispose of Brown in one round. Nor did Brown knock out Hogan. The fight, a no decision bout, went 10 rounds.

ASIDES

For over 25 years George Raft has paid his estranged wife 10 per cent of his income. George hasn't seen Mrs. Raft for 20 years. He says he isn't certain he would recognize her if he did. . . . Minnesota means "land of the sky blue water." That's what a Minneapolis journalist claims. It doesn't. In Indian language Minnesota means "cloudy weather."

You're Telling Me!

By William Ritt

See where the Mayflower II, modern replica of the famous Pilgrim vessel, is on even keel after listing to the starboard at her launching. Shucks, maybe the good ship was just taking a well-deserved bow.

A South African truck driver accidentally drove his vehicle through the front door of a house—his own. Must have mistaken it for the garage.

New Jersey's Governor Meyner introduced Dublin's Robert Briscoe as lord mayor of London at a dinner. CJT postcards his wonder if this hasn't raised every Irishman's ire.

A Charleston, W. Va., cat stumbled into a red-hot, 1,200-degree glassware kiln, escaped with only singed whiskers and fur. We'd say that feline lost the first of its nine lives the hard way.

Oldsters Also Need Varied, Nourishing Diet

By Dr. Theodore R. Van Dellen

The older person's diet should contain a variety of nutritious foods. The meals need not differ from those of younger persons except in calories and fat content. The digestive tract will appreciate the change because it is less active and produces smaller amounts of stomach acids, ferments, and enzymes. Further modifications may be necessary, depending upon dentures, income, cooking facilities, and appetite.

Fats enter the picture because there is evidence that they contribute to arteriosclerosis. The saturated variety appears to be more troublesome than the un-

saturated. Animal fats such as butter and meat fat are the best examples of the saturated type; they remain solid at room temperature. The unsaturated are more liquid and in this category are corn and peanut oils. Combinations of these types are better tolerated because one has a tendency to neutralize the other.

It is equally important for the older to avoid obesity. This will spare the old ticker, because every pound of blubber calls for extra miles of capillaries. This means that the heart must work

harder, pumping more blood. In addition, it is more difficult for the stout person to get around.

Hardenening of the arteries is more common and severe in the overweight, and so are high blood pressure and diabetes. Furthermore, portliness is more expensive because the excess pounds must be fed. Individuals living on a small pension or other fixed income must consider this factor.

Supplementary vitamins and minerals should be taken when there is a possibility that the diet is inadequate. New preparations of this type are on the market. Some contain not only vitamins and minerals but digestive enzymes, protein improvement factors, and hormones.

These are added to the products to promote vigor and vitality and to improve the feeling of well being. They are most beneficial as a prophylactic and should be started in the 50s before the ravages of old age set in.

TOMORROW: Mold allergy.

Baltimore Orioles Edge Senators In Opener, 7-6

EISENHOWER PITCHING—President Eisenhower throws out the ball to get the 1957 American League season under way yesterday at Griffith Stadium, Washington. Sacrifice Fly Wins Eleven Inning Game

Billy Loes Beats Pascual; Triandos Hits 2-Run Homer

WASHINGTON, April 15 (AP)—The Baltimore Orioles kept hammering away at Washington pitchers today and finally, after 11 innings, won a 7-6 opening day victory over the Senators. President Eisenhower headed a distinguished crowd in sun-splashed Griffith Stadium.

Eisenhower sat through all 3 hours and 17 minutes of the game. He cheered the Senators in vain after getting the contest started by throwing out the traditional first ball.

Fly Decides Game

At the finish it was a 29-year-old Baltimore rookie, Carl Powis, who knocked in the winning run with a sacrifice fly to center field.

Dick Williams, who had opened the 11th with a double, scored to send the crowd of 23,872 home. Eisenhower, who says all Americans should root for their home team, had a chance to shout in the fourth when the Senators clouted Baltimore starter Hal (Skinny) Brown and reliever Mike Fornieles for 5 runs.

The Orioles, edging toward their first opening day triumph since they entered the American League in 1954, tallied twice in the fifth and shot ahead in the seventh on Gus Triandos' booming two-run homer into the left-center bleachers.

Clint Courtney doubled in the Washington run in the eighth, making it 6-all and sending the game into overtime.

Triandos also drove in the Orioles' two fifth inning runs with a single and added a two-bagger after Powis had ushered Williams home in the 11th.

Baltimore, known for its lack of plate power, found no difficulty with Bob Chakales and Camilo Pascual as they pounded out 15 hits. Pascual, who relieved starter Chakales in the eighth, gave up only one run but that was the big one. He was charged with the loss.

Billy Loes Victor

Billy Loes, a veteran at 27, pitched the last two innings, allowed three hits but no runs and gained the decision. He succeeded Brown, Fornieles and Billy O'Dell on the mound.

Eisenhower, in best presidential tradition, inaugurated the season with two pitches from his box on the first base side of the field into a scramble of players. Don Ferrarese of the Orioles snagged the first, Neil Chrissy of Washington the second.

The Chief Executive's slow, high ones sent the two teams off ahead of everyone else. The remainder of the major league clubs won't play till tomorrow. This fact boosted the Orioles to the top of the American League, a position they're likely to surrender soon. Both they and the Senators, sixth and seventh in the 1956 standings, are 100-to-1 shots for the pennant this year.

Hundley's All-Stars Beat Tri-State Floormen, 103-97

Officials Toss Out Hot Rod, Nearman; 474 Witness Game

In a poor exhibition from a spectator's standpoint Hot Rod Hundley and his all-star troupe defeated the Tri-State All-Stars, 103-97, last night before 474 paid customers at SS. Peter and Paul gymnasium.

The game was sponsored by the Dapper Dan Club and approximately \$200 in profits will go to the Little League for baseball this year, officials of the club announced after the contest.

Officials Crack Down

The game turned, unfortunately for those who came to see Hundley show off his vaunted basketball prowess, into a farce in the final half as both Hundley and teammate Nemo Nearman were tossed out on technical fouls by Referees John Fox and Enordo Arnone.

Nearman, who displayed a violent temper in spots, was guilty of kicking the ball and throwing it at the officials. Finally in anger he knocked little Gene Smith down under the hoops and was tossed out of the game in the third quarter.

Hundley, who several times had thrown the ball hard to the officials, twice had technical called on him, the last time ejecting him from the game with a second to play.

The Tri-State team, using more players than Hundley's, outscored the visitors 41-37 from the field, but the Hundley aggregation displayed excellent form at the free-throw stripe to win the game. The visitors converted 29 of 25 chances, 13 straight in the first three quarters before missing.

Hot Rod Scores 35
Hundley, who flashed some of his basketball brilliance with clever passing and assists, also bombed the nets with 11 goals, most of them on one-handers and hook shots from outside. He hit on 11 straight foul tosses before missing twice, ending with 13-15, to top all scorers with 35 points.

One of the best on the court was Clayce Kishbaugh, Hundley forward, who displayed some excellent dribbling and passing while chipping in with 19 points.

The score was tied 11 times and changed hands eight times in the game. The visitors led 74-72 at the close of three quarters and went ahead on Hundley's two fouls as the fourth quarter began.

After see-sawing back and forth Bob Pence and Jimmy Eckard put the Tri-Staters ahead 82-79 on a pair of buckets. Here Hundley and Kishbaugh collaborated on a basket and foul to tie the

Ashland To Play Frostburg State 6th Time Today

Ashland College's Eagles of Ashland, Ohio, an annual visitor to this area since 1949, will play Frostburg State Teachers College today at 2 p. m. in Midland.

A member of the Mid-Ohio League, Ashland will be met by the Bobcats for the sixth time. Frostburg's lone win in the five games played to date came last year by the score of 4-2.

Ashland is coached by George Donges, formerly of Meyersdale, Pa., who is in his 21st year as mentor at the Buckeye State school.

The Ohioans windup their visit to the area by meeting Potomac State College in Wednesday and Thursday games at Keyser.

Sports Shoppe Will Play In Rec League, To Practice Today

The Sports Shoppe softball team composed mostly of players from the Tri-State Cleaners and Lytle's Sign Shop of last year, will play in the Men's Rec League for the 1957 season.

The team is managed by Wayne Holly and Charley Detrick and will practice today at 5:30 p. m. at East Side Field. On Sunday the Sports Shoppe will meet Kenny Gray's Bar in an exhibition game at Fort Hill at 2 p. m.

Members of the team are Jim Brown, Charles Denmark, Joe Biggs, Amos Hoffman, Buddy Meade, Reggy Meade, Hank Page, Jim Hamilton, Pat McNally, Sonny Method, Wayne Holly, Dicky Powell, Charley Harris, Joe Raygor, Wes Bridges, Boots Raygor, Jim Ketterman and Art Raygor.

16 Major League Clubs Will See Action Today

Pittsburgh Hosts Giants; Red Sox Visit Baltimore

By JACK HAND
The ASSOCIATED PRESS

For at least 24 hours the Baltimore Orioles can sneer at the New York Yankees and the rest of the American League from their first-place perch after beating Washington 7-6 in an 11-inning special opening game before a crowd of 23,872, including President Eisenhower.

If the weather man smiles, about 250,000 more fans will turn out Tuesday in eight major league parks for the first full day of baseball.

Mickey Mantle who dominated the American League while the New York Yankees marched to the 1956 pennant will accept the most valuable player award at Yankee Stadium before the opener between the Yanks and Washington. A crowd of 20,000 is expected.

Stobbs Faces Ford

Whitey Ford (19-6), the Yanks' chunky little left-hander, will try to get the heavily favored defending champs off on the right foot. If Chuck Stobbs (15-15), also a lefty, starts as scheduled for the Senators, the Yanks will present an all-veteran lineup. Rookie Tony Kubek probably will sit it out with Elston Howard, a right-handed hitter, taking over in left field.

Billy Pierce (20-9) and Herb Score (20-9), Cleveland's \$1,000,000 pitcher, hook up in another battle of southpaws when Al Lopez leads his Chicago White Sox against the Indians he managed for six years. Expected attendance at Cleveland is 35,000.

Officials Move To Boost City Tax Limitation

The Mayor and Council yesterday introduced and sent to its second reading a charter amendment resolution which would raise the city's tax limitation from its present \$1.25 tax limitation to \$1.50 on each \$100 of assessable property.

The resolution was tabled for a week following approval of the first reading after John J. Long, commissioner of finance and revenue, said he wanted that time to study the proposal. He said he in cooperation with City Auditor Arthur B. Gibson, could have a statement on city finances by that time.

Gibson said, however, that the financial statement could be made any time and added it is the obligation of council to prepare orders and resolutions to meet any contingencies. Certainly, in view of the present situation, it should put this resolution into operation, he added.

The city, in setting its budget last year, came within five mills

of its present \$1.25 tax limitation for operating expenses. This limitation was set by the legislature in 1953. Upping the tax limitation now would not necessarily mean a tax increase. It merely gives the authority in event an increase is needed.

The city has made no statement of intent concerning the pay raises but he emphasized the city must set its levy by August 23.

Police and firemen have asked \$75 a month wage boosts and the municipal union 25 cents an hour. Should the city continue as it is, it will find the five mills remaining in the present tax limitation would allow only about \$3,000 for an adjustment in salaries provided that other city expenses do not increase.

He further explained that this resolution should go through the same channels as other resolutions under home rule. It must be posted for 40 days, advertised, and then if 20 per cent of the registered voters petition for a referendum it will have to be placed on the ballot at a special or general election. Should no petition be filed, the approximately effective date is June 4.

The city, at present, is facing a referendum on a proposed \$500,000 Urban Development bond issue, and it would be possible for both of these proposals to be tied together and combined on one ballot. If not voted on before the August 23 levy date, the alternative is to go to the regular municipal election in June 1958.

Should the tax limitation rise go through, either by no opposition by petition or by referendum, it would give the city a "cushion" to cope with emergencies and provide it with a leeway to meet operating expenses. One instance where it would apply is in the event the \$500,000 bond issue is rejected.

Long said the present tax rate is \$1.53, and if the 25 cent tax limitation hike is granted would make it possible to go to \$1.83.

Workmen Keeping Busy On Sewage Plant Work

Workers were busy on some of the finishing work on the city's sewage treatment plant, according to Mayor Roy W. Eves.

At the Evitts Creek pumping station, both inside and outside brick work was being cleaned and painters and electricians

were busy on the interior of the structure which will pump sewage from the lower end of the city to the sewage treatment plant.

At the main plant of the \$2,000,000 system, workers were finishing concrete work on a 54-inch pipe which will drain the C&O Canal and in the area of the brickyard were hooking up sewers from Maple and Mullen streets and Oregon Avenue to a 24-inch interceptor sewer.

Fine grading work was being done on the plant site, Mayor Eves said, as weather permitted.

297 Seek County Beverage Licenses

Some 297 applications for alcoholic beverages licenses for the new license year starting May 1 have been received by the Allegany County Board of Alcoholic Beverages License Commissioners.

The applications will be considered at hearings April 25 and 26 at the Court House. The applications include 154 for beer licenses only, 26 for beer and wine licenses, 70 for general beer, wine and liquor licenses and 47 for club-type beer, wine and liquor licenses.

Attention Master Masons

Georges Creek Valley Lodge No. 161 A. F. and A. M. will meet Wednesday, April 17 at 1:30 p. m. at the Masonic Temple for purpose of attending the funeral of our late brother, Robert Moses.

Court Probates Two Women's Wills
 The wills of two women who died recently have been probated in Allegany County Orphans Court.
 Mrs. Ellen E. Burkett, who died February 26 in Hagerstown at the age of 88, named her two sons and a daughter as executors of her estate in her will, dated February 9 1952. The three, Ellis H. Burkett, LaVale: Mrs. Goldie Lenora Everline, Hagerstown, and Clarence Gilbert Burkett, Ellerslie, qualified as executors under a \$1,000 bond.
 The will left 25 per cent of the estate to each of the three children and the other 25 per cent equally to two grandchildren, James Burkett Patton and Robert Burkett.
 The will of Carrie V. Ginevan, Oldtown, who died April 2, was admitted to probate yesterday in Orphans Court, Ellwood M. Ginevan, a son, and Mildred G. Robertello, a daughter, were named executors. Beneficiaries are the five children of the deceased.

Feigus Enters Field As Insurance Broker
 A. J. Feigus, 110 Lutesan Road, for many years a special agent for the New York Life Insurance Company in Uniontown, Pa., and more recently also representing the company here in addition to maintaining an office in Uniontown, has relinquished his connection with that company to enter the field of life insurance counselor and broker in the Cumberland area.
 In making Cumberland his permanent residence he will specialize in business insurance, personal estate analyses and group insurance, representing several of the nation's leading companies.

Pre-Easter Services Are Announced At St. Anthony's Church
 Rev. Robert Kilgannon, pastor of St. Anthony's Catholic Church, Ridgely, has announced the schedule of Holy Week services, which will open with confessions from 4:30 to 5:20 p. m. on Holy Thursday.
 Mass that day will be celebrated at 5:30 p. m., and Father Kilgannon said communion will be distributed after mass for the convenience of late-comers. He pointed out that it is the only time during the day that communion may be distributed, except in the case of the dying.
 Blessed Sacrament will be exposed following the mass until midnight.
 Stations of the Cross will be held at

Legislators Sure Veto Can Be Overridden

Special Teacher Pay Session Is Unlikely

BALTIMORE, April 15 (AP) — Maryland legislators expressed confidence today that Gov. McKeldin's veto of the teacher pay bill will be overridden when the General Assembly meets again next winter.

At least one lawmaker called for a special session to work out a pay measure mutually acceptable to all parties.

Senate President Louis L. Goldstein (D-Calvert) said he felt the veto "was a mistake."

"This raise was needed and should have been granted on the statewide level."

Goldstein said he hoped he could persuade McKeldin to call a special session of the Legislature to work out a bill acceptable to the lawmakers, the governor, the teachers, PTA groups and others concerned.

Shows No Interest

But when Goldstein broached the subject to the governor at a bill signing ceremony this afternoon, McKeldin indicated no interest in calling a special session.

"To me the teacher salary problem is a local responsibility," he repeated. "And I believe every effort should be made at the courthouse before coming to Annapolis with their pressure groups. . . If they make a sincere effort to raise salaries locally and fail, then maybe it will be time for the state to do something."

The bill McKeldin vetoed was a compromise worked out by a joint Senate-House committee. It would have financed higher teacher salaries with a 10½ million dollar tax program including an increase of 3 cents a pack in the state tax on cigarettes.

Predict Passage

All but \$100,000 of the money would have gone to provide a pay increase averaging \$400 per year per teacher. Larger boosts—some up to \$1,900—would have gone to principals.

McKeldin vetoed the bill because he said teacher pay boosts should be financed at the local level, not the state level.

Goldstein's reasoning on the need for a special session was that overriding by the Legislature next year would do teachers no good in this school year or the one beginning in September.

But if there is no special session, Goldstein said he is confident the Legislature will override the veto.

Luber Disappointed

House Speaker John Luber (D-Balto 5th) said he was not surprised but was disappointed the governor did not sign the bill. He too was confident that the veto will be overridden in the House "by a comfortable margin."

Sen. Harry Phoebus (R-Somerset), Senate minority leader, said he was a "little surprised" at the veto. Phoebus said he had urged the governor to sign the bill and "I had hoped he was going to sign it."

Another Republican, Del. Milton Larmore of Wicomico County, also expressed disappointment.

"This means the Democrats in the House of Delegates are going to override him, and I'll be right with them," Larmore said.

Del. A. Gordon Boone (D-Balto County), House majority leader, also predicted the veto would be overridden next winter when the Legislature holds a 30-day session, and said he would work for the override.

Sen. John Turnbull (D-Balto 2nd) said he would work for the override.

Hughes Says Pay Boost Is State Issue

Del. George R. Hughes Jr., minority leader of the House, said salary increases for teachers is a state, rather than a local issue.

Gov. McKeldin, he said, is probably right in theory that the counties should supplement state salary levels when economic conditions warrant, "but in the present situation we find nearly all counties already paying their teachers above the state scale."

Allegany County, he said, will be paying \$500 more than the state minimums this fall.

"This would indicate to me," he said, "that the state scale by itself is too low."

Del. Hughes said Garrett County would have to add 25.5 cents on the tax rate to give its teachers a \$400 increase, and he termed it "unrealistic" to suppose the Garrett County Commissioners would raise the tax rate that much for one specific purpose.

"In defense of the poorer counties," he added, "it can be said that improvements are now being made toward equalization of tax assessments. This problem has been with us for a long time and the solution is a gradual one, but a determined effort is now being made toward that goal."

In addition, the poorer counties have no great amount of industrial property to look to for tax revenues, as do the highly industrial counties.

"I think it is a state obligation, rather than a local one," he added, "to keep pace with the bidding for the services of our school teachers by other states,"

Income Tax Lesson

Nine-year-old Jane Bassel gets a lesson in one of the essentials of modern living, the income tax return, as her mother, Mrs. Stephen L. Bassel, 436 Walnut Street, dropped in at the local Internal Revenue office yesterday to file her 1956 federal tax return. The picture was taken shortly before the 5 p. m. deadline for filing at the local office, but many more taxpayers were filing mailed returns much later—right up to the midnight deadline.

Over \$500 Is Collected In Easter Lily Sale Here

The public's response to the purchase of Easter lilies on Saturday was "most gratifying," according to Francis Twigg, chairman, who said \$500.36 was collected by members of Cumberland Aerie 245, Fraternal Order of Eagles, and Tri-Hi-Y members of Fort Hill and Allegany high schools.

'Easter' Weather Brings Shopping Crowd Downtown

A large number of Easter shoppers thronged to the downtown business section last night. Parking space was at a premium, and police said traffic was "very heavy" during the evening.

The weather was rather nice last night for the shoppers. Today is supposed to bring a repeat performance as the weatherman forecasts sunny skies and temperatures in the 60s. Increasing cloudiness this afternoon is expected in the west portion of the state.

The unofficial high temperature yesterday afternoon was 60 degrees, with a slight chill in the air. Some scattered frost was expected overnight and the temperature was expected to dip, possibly below freezing, in some areas.

Local Scouts Rate High In Rifle Event

Members of LaVale Explorer Post 10, Potomac Council, Boy Scouts of America, have learned that they are pretty good shots with their rifles.

And they have ratings in the 1956 National Rifle Association and Boy Scouts of America annual Explorer Postal Rifle Match to prove it.

In the Region 3 competition, David Stone of Unit No. 10 placed eighth among 14 individuals and was awarded a plaque on which is inscribed, "1956 Explorer Rifle Match Council Winner."

The LaVale Post placed 31st in national ranking by scores in a field of competition consisting of 489 teams.

Young Stone, with a score of 320, placed 120th in individual scoring throughout the nation. Placing 151st in competition was John A. Tosh, city, while John W. Norris was 163d. Kenneth A. Moreland placed 330th and Ronald C. Gilchrist, city 418th.

The annual competition consists of a team match and an individual match. The course of fire for each is 10 shots in each position, prone, sitting, kneeling and standing.

Teams consist of four members and all firing is at 50 feet using .22 rimfire rifles with metallic sights. There were 2,693 individuals entered in the annual event.

Courts To Close

Trial Magistrates and Juvenile courts will be closed on Friday, April 19, as Good Friday is a legal holiday, officials at the county building on Union Street announced yesterday.

Driver Found Not Guilty Of Manslaughter

Pedestrian Struck On Virginia Avenue

Clarence Junior Northcraft, 29, of 49 Humbird Street, was found not guilty by Chief Judge George Henderson in Allegany County Circuit Court of manslaughter by motor vehicle in the death of a 73-year-old pedestrian on Virginia Avenue March 22.

Judge Henderson said he did not feel that Northcraft was free of all guilt in the fatal accident but expressed a view that the driver was not guilty of gross negligence, which is a wanton and reckless disregard of human life.

Mrs. Matilda Agnes Blaine, 73, of 417 Springdale Street, was fatally injured about 8:25 p. m. March 22 when she was struck by Northcraft's car on Virginia Avenue near Fifth Street. She was dead on arrival at Memorial Hospital.

Accounts Conflict

Samuel McFarland, this city, the last of five witnesses called by State's Attorney Paul M. Fletcher, said he left King's Bar on Virginia Avenue with Mrs. Blaine shortly before the accident occurred. He testified that they were standing together along Virginia Avenue and he saw no traffic in either direction on Virginia Avenue.

When he looked onto Fifth Street and then back onto Virginia Avenue he saw Mrs. Blaine within four or five feet of the opposite curb and about to be hit by the approaching automobile. He said she was in the crosswalk.

Northcraft, called to the stand by Simon F. Reilly and Peter J. Carpentieri, attorneys, disputed McFarland's version. He testified that he first saw a woman standing in front of Christner's bowling alley as he approached the Fifth Street intersection. The lights of a car coming from the subway hampered his vision and he next saw the woman in front of the car just before he struck her.

Was Moving Slowly

The defendant estimated his speed at 18 to 20 miles per hour and said he traveled only about one car length after hitting the pedestrian.

Others who testified for the state were Dr. H. V. Deming, county deputy medical examiner; Detective Joseph H. Stutcher, Police Officer James Swann and County Investigator Edwin R. Lilya. The only other defense witness was Lewis F. Jones, a bartender at King's, who said McFarland was in the establishment from about 4:30 p. m. March 22 until shortly before the fatal accident and that Mrs. Blaine was in the place only about five minutes.

In another case yesterday afternoon, Oscar Wesley Simmons of Westernport, through his court-appointed attorney, John M. Robb, pleaded guilty to a morals charge involving a 12-year-old girl. Earlier, Simmons had pleaded not guilty. Judge Henderson did not pass sentence but indicated from the bench that he would not place Simmons on probation. Simmons was returned to the County Jail.

Ridgeley Legion To Meet Tonight

A general membership meeting will be held today at 8 p. m. by Knobel Mountain Post 136, American Legion, of Ridgeley. Following the meeting a special executive board meeting will be held. Archie Lough, commander, is urging every officer and member to attend.

Crafts Will Meet

The Building and Construction Trades Council will meet today at 8 p. m. in the Allegany Labor Temple.

Special Exhibit Planned At Spring Flower Show

A small group of Garden Club of Cumberland members is planning a special educational exhibit for the Fourth Community Flower Show being sponsored by the local organization at the Eagles Home on North Mechanic Street April 29 and 30.

The group consists of John S. Cook Sr., Harry Miller, Ralph C. Isiminger, Robert W. Phillips and Rudolph Steinberger and all are hopeful their special small bulbs will not bloom too early for the end-of-the-month flower program.

The subject of the special exhibit is "Miniature Bulbs" and the group is endeavoring to reproduce a small doorway garden, crammed with a bewildering array of low-growing tulips, daffodils, iris, anemones and others.

Most of these plants were planted last fall and have a normal range of blooming time from March until May. The problem confronting the exhibitors is to bring the slow bulb into bloom early and to keep the faster ones from blooming too soon.

Garden Club officials say low temperatures are helpful in keeping flowers from blooming too early and it is likely many of the exhibitors are keeping their bulbs in their refrigerators.

Club members also announced that schedules for the Section D, Class 7 exhibits, "Imagination," which are compositions for florists only, may be obtained at florist shops in Cumberland, Frostburg, Mt. Savage and Lonaconing, at the Liberty Trust Company here and at its LaVale branch and at the LaVale and Cumberland libraries.

Mrs. George Henderson is general chairman for this year's flower show which is entitled "Appalachian Spring." The exhibits will be on display to the public from 3 until 10 p. m. on Monday, April 29, and from noon until 6 p. m. on Tuesday, April 30.

The show will include horticultural exhibits entered in various groups as flowering shrubs, spring flowers, potted plants, flower arrangements and exhibitions.

Each division is broken down into various classes and all exhibits will be subject to the flower show regulations. One entry in each class is allowed and judging will begin at 11:30 a. m. on April 29.

Special exhibits will be prepared by the local Garden Club and professional exhibits are planned by William R. Welsh, Ren Roy Flowers, Smith's Garden Center, Holly Gardens of Mt. Savage, Phillips Flower Shop, Lonaconing, Habeeb Flower Shop, Bopp's Flower Shop and Allegany Feed and Garden Supply Company.

Any amateur gardener within 30 miles of Cumberland is eligible to enter the show and all entries must be on hand at the Eagles Home between 4 and 7 p. m. Sunday, April 28.

Street Improvement Ordinance Introduced

An ordinance providing for notice to property owners abutting on Glenwood Street that an ordinance to provide for curbing and guttering the street will be introduced on May 6 was passed by the Mayor and Council yesterday. The action followed presentation of a petition by property owners calling for grading, curbing and light surface treatment of the street.

Barber Shops Open Tomorrow

Union barber shops in Cumberland will be open for business tomorrow.

The shops are usually closed on Wednesdays but due to the approaching Easter holiday and anticipated business rush, member shops of Local 314 will be open.

Police, Firemen Ball Planned Friday Evening

Cumberland's 35th annual Police and Firemen's Ball will be held Friday at Clarysville Inn with dancing from 9 p. m. until 1 a. m.

Assistant Fire Chief Vincent Wegman, general chairman, announced the dance will be semi-formal and music will be by the Midnighters Orchestra.

An appropriate program has been compiled and proceeds go toward sick and accident benefits for members of the Police and Firemen's Welfare Association.

Tickets are available from members of the association.

Treatment Plant Progress, Costs Are Discussed

Long Asks Briefing On Extra Expenses

The progress and financing of Cumberland's \$2,000,000 sewage treatment plant was aired at yesterday's meeting of the Mayor and Council.

Finance Commissioner John J. Long pointed out that on March 31 there was \$361,000 left from the \$2,000,000 sewage treatment bond issue. He added the contract calls for the plant to be completed in 750 days and inquired if C. R. Nuzum, city engineer, knew "how many days we have to go."

There have been delays, Mr. Nuzum reported, due to weather and inability to get materials. Mr. Long asked Mr. Nuzum who he had from his department checking the job.

Nuzum said he gets weekly reports on progress. Long asked Nuzum if anyone from his department goes down to the plant to check.

Cites Contract

Nuzum reported that Robert T. Register, consulting engineer, has a contract for supervision and inspection of the system.

Long pointed out that the Moyer Brothers Company was awarded the job for the low bid (\$1,331,000) and wondered if the plant was going to be financed by "what he bid for" and if someone should be checking that.

Nuzum reported he would have someone check as to the money spent and anticipated costs.

Commissioner William H. Buchholz said the Street Department has been making periodic inspections of the project.

There was considerable delay by the State Roads Commission, he said, in working out where the sewer line from the Evitts Creek pumping station was to run.

Mr. Buchholz said the only additional expense was about \$15,000 spent to drain the C & O Canal. A percentage of that will be paid back by the government, Thomas B. Ffian, city attorney, reported.

Buchholz said that "what Mr. Long was trying to say is, 'Will costs continue to mount because of the delay?'"

Long Asks Report

Mr. Long said there is about \$261,000 left in the sewage treatment account and the city should be very alert and the Engineering Department should be reporting to the Council if there will be additional expenses.

Mr. Nuzum said that when any extra work is anticipated, it is brought to the attention of the Engineering Department, which forwards the information to the Mayor and Council. He added he had no notice that the project would overrun, with the exception of on pipe item, which was additional work.

Mr. Long told Mr. Nuzum he (Nuzum) was the chief engineer and responsible for informing the Mayor and Council on all matters. He added he (Long) was bringing up the questions from a financial standpoint.

Police Commissioner William V. Keegan asked how long the plant has been under construction and was informed by Mr. Buchholz it has been 25 months.

Commissioners To Set County Tax Rate Today

Details Secret On Eve Of Levy

Allegany County's tax rate for the 1957-58 fiscal year will be established this morning when the annual levy list is set by the Board of County Commissioners but it was still a well-guarded secret last night.

Indications were that there probably will be comparatively little change from the \$2.05 county rate on each \$100 of assessed valuation that has been in effect the past two years.

Most departments have requested more funds in the fiscal year which starts July 1 than they received in the current fiscal period. Total expenditures in the current 12-month period amount to \$4,037,576.11, which is slightly less than the \$4,040,564 of the previous fiscal year.

If all budget requests are granted by the county commissioners when they set the tax rate today, the total expenditures should exceed \$4,200,000 for the 1957-58 fiscal year.

Two factors which will help the commissioners in adopting the levy list are a higher assessable basis for the county and an increase in the county's reserve or unexpended balance. It stood at \$248,012.74 a year ago but now is believed to be in the neighborhood of \$400,000.

A year ago the commissioners used an assessable basis of \$147,000,000 in figuring the budget. The State Tax Commission reported that the real assessable basis at the year's end was \$152,921,000, which provided a "cushion" for the county. This year the State Tax Commission lists the assessable basis at \$157,748,156.

Following are the tax rates and expenditures for the county in the years beginning with 1941:

Year	Tax Rate	Expenditures
1941 1.43	\$1,882,462.50
1942 1.38	1,808,410.93
1943 1.62	1,806,501.23
1944 1.77	1,811,806.88
1945 1.77	1,871,785.99
1946 1.77	1,945,863.86
1947 1.72	2,115,851.79
1948 1.67	2,619,800.77
1949 1.65	2,925,101.37
1950 1.69	3,037,849.13
1951 1.82	2,969,583.95
1952 1.82	3,353,218.71
1953 1.87	3,665,689.01
1954 1.80	3,719,755.31
1955 2.05	4,040,564.00
1956 2.05	4,037,576.11

State Meeting Of Holy Name Set April 28

The Archdiocesan Holy Name Union State Convention will be held on Sunday, April 28, at Annapolis.

James Coyle, president of the Western Maryland Section of the Holy Name, said a large delegation is expected to attend from Cumberland and vicinity.

The convention activities will begin with mass at 12:15 p. m. (EDT) at St. Mary's Catholic Church. Registration will be held in the parish school gymnasium at 1:15 p. m. followed by the opening session of the convention at 2:30 p. m.

Archbishop Francis P. Keough, of Baltimore will attend the convention. Principal speaker will be Father John G. Schultz, CSSR, of Washington, D. C. Archdiocesan Spiritual Director Rev. John C. Griffith and Archdiocesan President James McDonnell will be present.

Mr. McDonnell recently was presented the Verceci Medal, the highest award given to a layman by the Holy Name Society. Spiritual director for the WM section is Rev. Lawrence P. Landrigan, pastor of St. Mary's Church here.

License Renewal Starts In 1958

BALTIMORE, April 15 (AP) — Maryland drivers will have to renew their licenses beginning next year under a new law which goes on the books July 1.

The renewal is a one-shot affair designed to enable the Department of Motor Vehicles to clear its files of obsolete registrations.

The bill signed into law by Gov. McKeldin today provides that present licenses shall expire on the following schedule:

June 30, 1958 for those persons whose last names begin with the letters A, B or C.
Dec. 31, 1958 for those beginning with D, E, F, or G.
June 30, 1959 for those beginning with H, I, J, K.
Dec. 31, 1959 for those beginning with L, M, N, O.
June 30, 1960 for those beginning with P, Q, R, S.
Dec. 31, 1960 for those beginning with T, U, V, W, X, Y, Z.
At least 60 days before your license expires, the Commissioner of Motor Vehicles will notify you by mail, including an application for a new license. You fill this out and return it with \$1 to the Department.

Oratory Contest Winners

These four boys won first place in their respective classes in the annual LaSalle High School Oratorical Contest, for which awards are presented at commencement exercises. The winners are: (from left) Thomas O'Rourke, freshman, who presented Henry Cabot Lodge's address on "Soviet Imperialism"; Michael Chisholm, senior, with John Foster Dulles' "The Kremlin Butchers"; Joseph McDade, junior, with "1957—Year Of Show-

down," and Frank Zorick, with Henry Clay's speech against Webster's resolution on the Greek revolution. Judges for the freshman and sophomore contests were Rev. John Hannan, Rev. Arthur W. Bastress and Rev. Marius Elsener, and judges for the junior and senior divisions were Brother G. Paulian, Rev. Robert Hopkins and Rev. John U. Lyness. Twelve students took part in the contests.
